Hebrew: Native
English: Full professional proficiency

Leads cross organizational learning and development initiatives that connect people, processes, and business goals. Passionate about building learning frameworks from the ground up, Applies a systems thinking mindset and leverages AI and automation to build integrated tools that drive performance and business impact.

Experience

2023-now Ashtrom group
Learning Business Partner

- **Learning Strategy & Business Partnership:** Own the learning roadmap across 7 group companies and ~800 employees, partnering with multiple HRBPs to identify capability gaps and translate business needs into targeted learning solutions.
- **Leadership Development & Onboarding:** Designed and delivered a management development program for 40 managers, and built a new onboarding program following a redesign of the role profile and its required capabilities.
- **Core Learning Programs:** Design and lead learning initiatives focused on performance improvement, interpersonal skills, and professional development, while managing external learning opportunities including conferences, professional courses, and academic programs.
- **AI & Learning Innovation:** Develop AI-powered learning and knowledge solutions, including role-specific conversational bots for real-time knowledge retrieval and interactive technical simulations.
- **Strategic Learning Events:** Lead end-to-end execution of learning conferences and TED-style storytelling events for up to 200 participants, managing content, logistics, and coordination across internal and external stakeholders.

2022-2023 Tevel Metro red line metro
Training Coordinator

- **Pre-Opening & Operational Readiness:** Built learning and qualification processes from the ground up ahead of the Tel Aviv Red Line launch, working under tight operational timelines and coordinating with multiple international stakeholders.
- **Qualification & Certification:** Designed and managed qualification and equipment-certification processes for newly established operational roles, coordinating complex training programs through operational handover.
- **LMS & Process Optimization:** Managed LMS requirements and learning workflows, introducing process automation to improve training administration, user adoption, and operational efficiency.

2018 - 2022 Israel police - Technology devision
Instructional Designer + Software instructor

- **System Training & Adoption:** Leading training cycles and system implementations to drive user adoption in operational environments.
- **Instructional Design & Translation:** Simplifying complex systems into intuitive learning experiences, bridging technical teams and end users.
- **Content & LMS Management:** Creating engaging learning assets using Storyline 360/Adobe and managing delivery via SAP LMS.
- **Training Delivery:** Facilitating professional training and coordinating dynamic learning activities in fast paced settings.
-

2016-2018 Human Resources Corps (MilitaryService)
HR Module ERP Instructor

- Conducted training cycles and individual sessions for system users.
- Defining system's specification according to users' needs.
- Developed customized lesson plans for different user groups
